

Give every client the same book — in their own language.

Educational precious-metals material for firms with multilingual clients, ready to activate today in 33 languages.

The Gold Investor is a 6×9in, 75–110 page framework on how to think about gold — real interest rates, geopolitics, supply & demand, instrument selection, timing and risk management — written to help a reader ask better questions and build their own thesis, not to tell them what to buy or when. That distinction is what makes it usable as client-facing material: it is educational, not advice, and says so explicitly on its own copyright page.

WHY IT FITS A MULTILINGUAL DESK

- Hand each client the edition they'll actually read — not a summary, the full book.
- Every edition is the same content, the same design, the same disclaimer — nothing gets diluted or re-written per market.
- A relationship manager can order a batch today and start distributing this week — no localisation project, no lead time.

WHY IT'S SAFE TO HAND OUT

- Explicitly educational, not personalised investment advice — the book says so on its own colophon page.
- No buy/sell signals or price targets — a decision framework, not a recommendation.
- A one-time, professionally produced reference a client keeps — not an ongoing communication a compliance team has to review.
- Chapter 9 gives readers a dealer-neutral checklist for spotting a fair price — useful trust-building material for any firm selling the underlying product.

HOW BULK LICENSING WORKS

- 1

Choose a tier below and order — one purchase, any number of copies.
- 2

Receive that many individual, one-time-use license codes by email.
- 3

Distribute codes to clients or relationship managers as you see fit.
- 4

Each recipient activates their own code and picks their own language — permanently theirs, up to 3 downloads, valid 12 months from purchase.

TIER	COPIES	PER COPY	TOTAL	SPONSOR BONUS
Tin	5	€35.00	€175	
Iron	10	€33.00	€330	
Copper	25	€28.00	€700	
Bronze	50	€26.00	€1,300	
Silver	100	€22.00	€2,200	
Gold	250	€17.00	€4,250	
Platinum	500	€14.00	€7,000	
Diamond	1,000	€11.00	€11,000	+ COUNTRY SPONSOR 12-month public listing
Business	2,500	€9.99	€24,975	+ REGIONAL SPONSOR 15-month public listing
Enterprise	5,000–10,000	custom	by quote	+ GLOBAL SPONSOR 18-month public listing

Gold and Platinum (highlighted) are the most common starting point for a single branch or desk. Diamond, Business and Enterprise orders also carry public, non-exclusive Sponsor status on [decisionframework.online](#) — growing volume can move a partner up a tier.

License codes must be activated within 12 months of purchase. Each code activates one copy in one language of the recipient's choosing at activation; that choice is then permanent. Each activated license allows up to 3 downloads of that edition.

NO REVENUE-SHARE — NET COST IF CUSTOMERS CONTRIBUTE

Licences are bought outright; nothing is settled back to us afterwards. If you pass some or all of the cost to the customer at activation, you keep 100% of it. Worked example on the Platinum tier (500 licences, €7,000):

CUSTOMER CONTRIBUTES	RECOVERED	NET COST PER LICENCE
€5.00	€2,500	€9.00
€10.00	€5,000	€4.00
€15.00	€7,500	–€1.00 (surplus)
